Description

Real estate in Spain in Torrevieja, Punta Prima: this 2-bedroom, 110 m² apartment offers a practical layout, a terrace, and shared facilities, just 350 metres from the sea on the Costa Blanca.

Set in Punta Prima, one of Torrevieja's established coastal areas, daily life tends to revolve around the shoreline, local cafés, and year-round services rather than seasonal-only amenities. The seafront is close enough for regular walks, while the neighbourhood atmosphere remains residential, with apartment developments, greenery, and easy access to main roads for getting around the wider Costa Blanca.
