Description

Real estate in Spain, Orihuela Costa: this Playa Flamenca area apartment brings together a modern 2024 new building specification with the day-to-day ease that makes the Costa Blanca so popular with British buyers looking for a base in the sun.

Set within a gated community, the building offers the reassuring blend of privacy and convenience: an elevator for easy access, on-site parking/garage, and a shared swimming pool for relaxed afternoons without leaving home. The apartment sits on the 1st floor and provides a generous 146 m² total area, giving you the space to live comfortably year-round rather than just for short breaks.
