Description

An apartment in Torrevieja, situated within the La Mata pueblo neighbourhood — a residential property spanning 65 m² in one of the most distinctive areas along the Costa Blanca coastline.

The La Mata pueblo area retains the character of a traditional Spanish village, where daily routines revolve around small plazas, local cafes, and neighbourhood shops. Unlike the busier tourist-oriented sections of Torrevieja, this part of the city maintains a quieter pace of life while still providing easy access to all essential amenities. Supermarkets, pharmacies, healthcare facilities, and public transport stops are all within walking distance...
