Description

This house is located in the Zona Pueblo area of Pilar de la Horadada, within the traditional residential part of this Spanish municipality. Zona Pueblo is the central historic quarter of the town, where the main urban infrastructure and administrative institutions are concentrated.

The total built area of the house is 180 square metres. The layout includes five bedrooms, providing a sufficient number of rooms for a large family or for accommodating guests. Each bedroom offers a separate space, allowing household organisation to account for the needs of every family member. Two bathrooms serve the household.
