Description

This penthouse is situated in the Centro district of Torrevieja, occupying the upper floor of a residential building with a living area of 84 square meters. The property is in nearly new condition, indicating high-quality finishing materials and a modern level of renovation. The Centro area constitutes the central part of Torrevieja, where the main municipal institutions and commercial establishments are concentrated.

The interior layout of the penthouse comprises two bedrooms and one bathroom within 84 square meters of living space. The upper-floor positioning ensures enhanced natural lighting throughout the premises due to greate...
